COMMUNITY ANNOUNCEMENTS

1. MPD 2nd District Crime and Community Awareness, Lieutenant Sylvester Garvin, sylvester.garvin@dc.gov.

Lieutenant Sylvester reported that in the past 30 days, there were no homicides or sex abuse and four ADWs. Burglaries were down, thefts were up, and motor vehicle thefts were down. Details of the ADWs were shared. A significant arrest was made, with the perpetrator connected to several other burglaries over the past year.

Thefts at retail stores such as Macy's and Zara occurred on a regular basis, totaling hundreds of thousands of dollars over the past year. The uniformed loss prevention employees at the stores do not have police powers and are usually told not to engage. The perpetrators often escape using the metro. Other details of these type of incidents were discussed. A pilot program using QR codes to track officers going into the store at random times was shared as a potential solution to reduce the frequency of these events.

2. MPD 1st District Crime and Community Awareness, Captain Justin Roth, Justin.Roth@dc.gov, 202-729-2179 or Lieutenant Jeremy Kniseley, jeremy.kniseley@dc.gov, 202.839.1357.

Captain Roth shared that over the past 30 to 60 days, robberies are up slightly, but generally other metrics are good. Details of a car jacking and a robbery on Mass Ave were shared. Captain Roth stated that the closure rate in the 1st District is high. Arrests in the Chinatown area are increasing. Courts are putting stayaways in place, which are generally not being followed. Many complaints that have been received are regarding homelessness, which has gone down since the shelter has closed. The homeless issues are addressed when seen by officers, but the priority is on other more serious crimes. Captain Roth also shared details of two different cases of unlawful discharge of a firearm.

A question was raised about the traffic fatality regarding construction vehicles. Those type of incidents are reviewed by major crash investigators, so Captain Roth does not have significant updates to share.

The stairwells on the stoops are considered private property, as confirmed by Captain Roth. Business owners who have individuals sitting on the steps can get police assistance to help with the situation. More specifics of these types of situations were shared.

Specific community questions were raised and answered regarding the buskers, which are ruled by the courts to be protected by the 1st amendment, and noise complaints after 10pm, which are promptly addressed by officers. Captain Roth shared that traffic enforcement is not the highest priority for his team, and they choose to focus on other crimes like guns and drugs. Certain key traffic issues are addressed, but there are no quotas that his team needs to hit.

Captain Roth shared the text tip hotline number, which is 50411. This number can be used to text information anonymously.

3. Office of Mayor's Office Ward 2 Mayor's Liaisons – Christopher Powell, Ward 2 Liaison, Christopher.powell2@dc.gov, 202.805.7122 and Grace Reeder, Ward 2 Liaison Mayor's Office of Community Relations and Services (MOCRS), grace.reeder@dc.gov.

Public safety-related actions have been taken, such as a proposed public safety bill and addressing Metro fare evasion and enforcement. There are plans to support children and low-income individuals with free or subsidized Metro cards. Councilmember Pinto still supports the decriminalization of fare evasion but wants to focus on the enforcement of the problem as a civil offense. Community members shared their input on the topic.

Commissioner Lee inquired about adding playground equipment in Chinatown Park, but due to permitting difficulties, that would be beyond the scope of a quick win. Other entertainment options for children could be possible in the area. Outdoor seating areas for businesses in the area were also discussed. Maintenance of the fixtures to be added was a topic of discussion as

well. Commissioner Shankle expressed the importance of using D.C.-based artists for the projects.
